

For hydrating and nourishing skin, manuka honey is the bee's knees!

**Sukin Rosehip Oil \$22.50 (3)** is certified organic and has vital ingredients that promote healthy skin, assist skin renewal and may also be good for treating some skin conditions.

Honey is a versatile food which also has proven benefits when it comes to health and beauty products. **Apicare New Zealand Saving Face Skin Balancing Face Moisturiser \$12.90 (4)** contains natural antioxidants, nourishing plant oils and active manuka honey to maximise skin-cell renewal and hydration. What's more, it smells divine!

**Burt's Bees Carrot Night Creme \$40 (5)** is 96.93% natural – according to its packaging – and is made from fresh herbs, botanical oils and natural preservatives. Apply at night for naturally replenished skin.

New Zealand-made **Tebe Face Hydrating Wash \$21.90 (6)** is a concentrated, light alternative to soap, made with olive oil extract to give you a soothing cleanse. A specially selected blend of natural plant oils and extracts helps lift impurities, and it's beneficial for all skin types.

**Oxygen Blemish/Acne Gel \$39.50 (7)** is a new Zealand-made product containing manuka honey, Canadian willowherb and primrose oil to help unblock pores without stripping skin of its natural oils.

**Dermalogica Multivitamin Power Firm \$125.50 (8)** can combat visible lines around the eye area with its powerful firming complex. It contains vitamin A and antioxidants – vitamins C and E – to help improve elasticity and smoothness.
